

MedPek one of LED car headlight bulbs factory locate in Guangzhou of China

Guangzhou Medpek Tech. Co., Ltd. is a comprehensive supplier specializing in the research, development, production, and trade of automotive electronic products.

We are dedicated to the manufacturing and upgrading of automotive electronic products, offering two major

series: automotive lighting systems and automotive safety electronic devices, including various peripheral products such as xenon lamps and automotive LED headlights.

The company's registered capital stands at 1 million RMB, and it holds general tax qualifications and import and export trade rights. Looking ahead, we will continue to increase our research and development investment, providing customers with more advantageous original car upgrade supporting products. We look forward to establishing mutually beneficial and win-win deep cooperation relationships with the most professional buyers both domestically and internationally.

High Power LED Car Headlight Bulbs

CSP LED Car headlight bulbs

COB/DOB LED Car headlight bulbs

1

M9 LED Car headlight bulbs(Highlight)	
Power/Lumens:	120W/14400LM/Set
LED Chips:	3870/15chips CSP
Voltage:	DC 9~32V
Colour:	6500K
Waterproof:	IP65
Body Color:	OEM

2

M02 LED Car headlight bulbs(Highlight)

Power/Lumens:	160W/17200LM/Set
LED Chips:	3570/6chips/55mil CSP
Voltage:	DC 9~32V
Colour:	6500K
Waterproof:	IP65
Body Color:	OEM

Q10 LED Car headlight bulbs(Highlight)	
Power/Lumens:	120W/14400LM/Set
